

## Notes on Gary Fisher's Audio Lessons on the Book of **Genesis**

### Book (Audio) Report

I would like to recommend Gary Fisher's audio lessons at [liveforit.us](http://liveforit.us). While in the hospital, and in tremendous pain, I tried watching TV or listening to music; but I could not sleep at night. I began listening to Gary's lessons on the book of **Genesis**. Sleep finally came.

I spent a couple of months sitting up at night listening to Gary's lessons and began taking notes. As a result, I have almost completed my own notes on the book of **Genesis**. I have added several of Kevin Kay's notes, as well as those of others, and now have about 180 pages of notes.

I would like to provide everyone with the notes I have, in Word format, with a request that you would send me insights and your notes to add. I'll bring a few copies on a thumb drive, if the Lord allows me to attend the conference.

Gary is insightful and well prepared in presenting God's word. I appreciate his work and the comfort his lessons on **Genesis** gave to me while in the hospital and during the months following. Gary's illustrations are well-thought out and give meaning to the text.

I look forward to adding additional notes and making them readily available.

PS: Gary, you can't imagine how comforting and helpful your lessons were during my illness. Thank you...from the bottom of my "physically" circumcised heart.
