16. Parallelomania: Supposed Links Between Christianity and Pagan Religions
17. The Virgin Birth of Alexander the Great?
18. Osiris, Frankenstein, and Jesus Christ

Conclusion: The Real Jesus

As you can see from the outlined contents above, this book is a response to skeptics like Bart Ehrman and the “scholars” of the Jesus Seminar who argue that we cannot trust the NT. It is an easy read, and it provides an abundance of helpful material to answer their criticisms. I highly recommend it.
